VERSE 1:

Waking up next to you, perfect start to my day
Slow good morning kisses
Breakfast you made, delicious
Mama called to say hello
Favorite song playing on the radio
The happy baby on the train
When you see my face
My expression remains the same it
Made Me Smile....

VERSE 2:

A feeling of harmony in the air
The joy of God's answered prayer
Young brother that got up to give an elder his chair
You forgot walked away came back and it was still there
The check was really in the mail
The perfect size 10 shoes were on sale
Then my thoughts they turn to you
And complete joy shines right thru it
Made Me Smile....

VERSE 3:

The passing smile of a stranger
The funny feeling when eyes meet
Simple things like the kindness of a neighbor
The kiss that makes your knees weak
Working hard and loving life
Sometimes your happy just aint right
That's when you have to take a minute
And review your day and remember all the things that
Made Me Smile....
